BMC AMI Storage Performance

BMC AMI Storage IAM Learning Track: Storage Managers

| CER | Certification | ILT | Instructor-led Classroom/Online |
| WBT | Web-based Training | ASP | Assisted Self Paced |

About the Product:
BMC AMI Storage IAM and BMC Storage IAM/PLEX are designed to maximize data storage capacity, reduce VSAM run time, improve CICS® and batch performance, and reduce overall CPU consumption. These solutions help your organization maximize performance and streamline storage administration.

Recommended for: Storage Managers, System Programmers, Performance Analysts, Developers

Training applicable to product versions: BMC AMI Storage IAM 11.x

Fundamentals

BMC AMI Storage IAM 11.x: **Fundamentals Concepts (0.30 LPC)**

WBT   2 hr

→

BMC AMI Storage IAM 11.x: **Fundamentals IAM/RLS (0.30 LPC)**

WBT   2 hr

→

BMC AMI Storage IAM 11.x: **Fundamentals IAM/PLEX (0.15 LPC)**

WBT   1 hr

→

BMC AMI Storage IAM 11.x: **Fundamentals File Administration (0.45 LPC)**

WBT   3 hr
